

**Be a star in  
ESA's Universe**

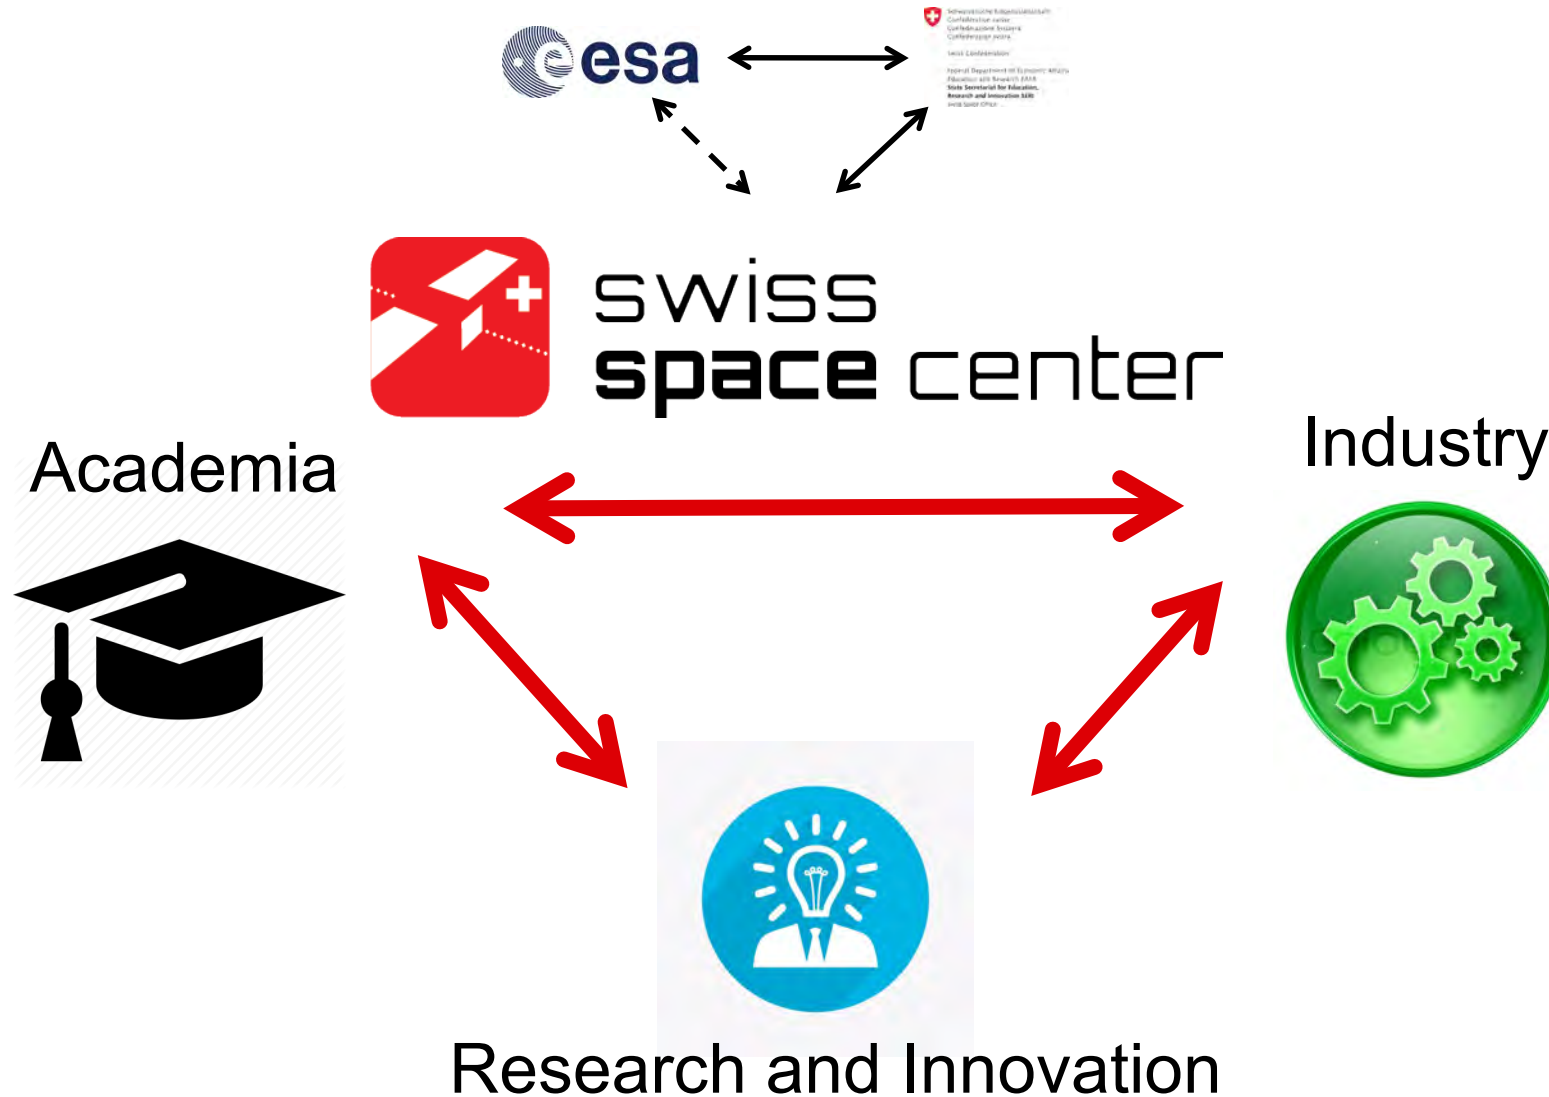

# Be a Star in ESA's Universe

HES-SO / Hepia, Geneva

---

Swiss Space Center  
Grégoire Bourban  
November 7<sup>th</sup> 2018

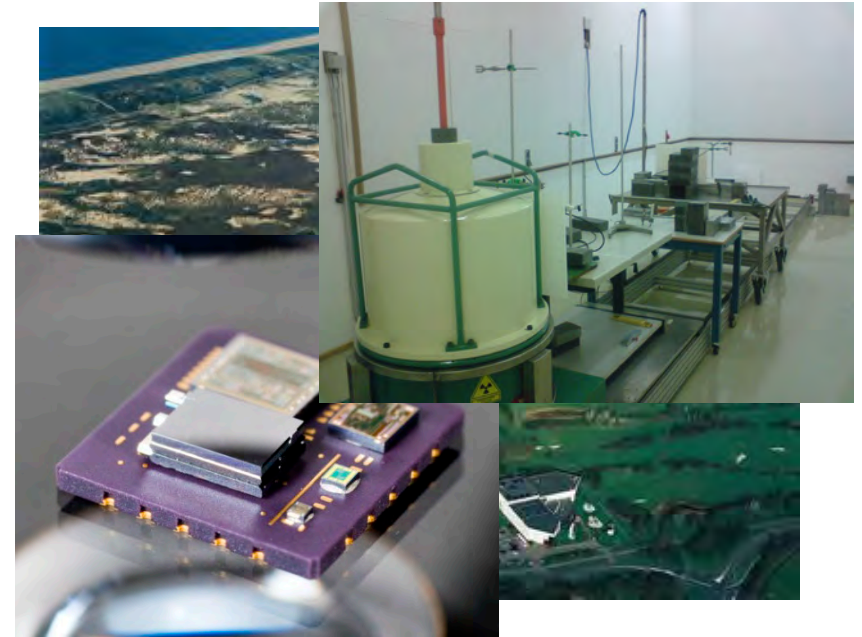

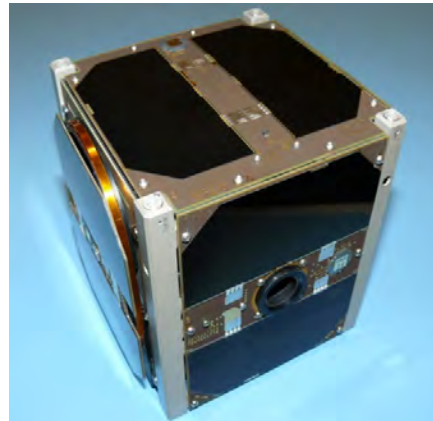

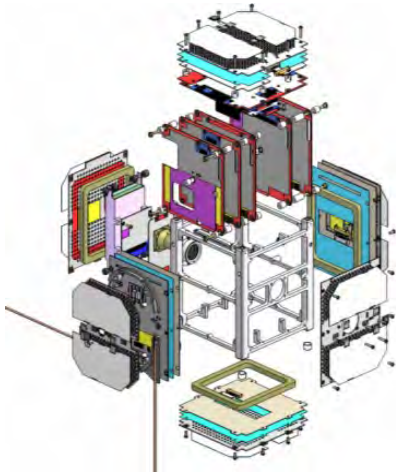

# What is SSC's role?

# My space career

Student at EPFL

(Msc. Micro-engineering)  ÉCOLE POLYTECHNIQUE  
FÉDÉRALE DE LAUSANNE

Young Graduate Trainee (YGT) at  
ESA/ESTEC

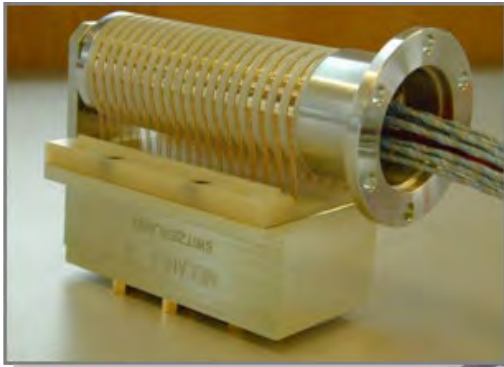

Component Technology Section

# My space career

## Test Engineer at RUAG Space (Nyon)

**Swiss Space Center  
Scientific Assistant  
Deputy Director since 2014**

# Young Graduate Trainee Program

---

- Trainee for at least 1 year working at ESA
- Living in the Netherlands, Italy, Spain, England, France, Germany, Belgium, or Kourou (French Guiana)

***→ Call for application opens once a year in mid-November, and stays open for one month***

# National Trainee Program

---

- Trainee for 2 years working at ESA
- Similar to YGT but restricted to Swiss citizens
- gain valuable experience in the development and operation of space missions

***→ Call for application opens in Spring 2019***

# Program

---

17:15-17:25	<b>Welcome &amp; Introduction</b> Grégoire Bourban, Swiss Space Center
17:25 – 17:30	<b>Switzerland in Space</b> Kamlesh Brocard, SERI/Swiss Space Office
17:30 – 17:55	<b>ESA – your career at the European Space Agency</b> Torsten Bieler, ESA
17:55 – 18:10	<b>HES-SO Hepia</b> Roberto Putzu, hepia/HES-SO
18:10 – 18:25	<b>CERN</b> Enrico Chesta, CERN
18:30 – 19:15	<b>Panel Discussion</b> Swiss Space Center <i>ESA, HES-SO Hepia, CERN, Apco, Picterra</i>
19:15-20:00	<b>Networking Apéro</b>

# Panel Discussion

---

**Grégoire Bourban**, Deputy Director of Swiss Space Center

**Torsten Bieler**, System engineering at ESA

**Roberto Putzu**, Director of the Mechanical engineering department at HEPIA, HES-SO

**Enrico Chesta**, Aerospace Applications Coordinator at CERN

**Romain Kerleau**, Sales & Contracts Manager at Apco Technologies

**Frank de Morsier**, CTO at Picterra

Keep in touch!
