

Careers at the European Space Agency - Be a Star in ESA's Universe - Switzerland, Geneva, 7 November 2018

Torsten Bieler – Head of Learning & Development Service, ESA/ESTEC

Agenda

About ESA

Possibilities / Opportunities

More Info

History of ESA

ESRO
European Space
Research
Organisation

ELDO
European Launcher
Development
Organisation

Formed in 1975

**11 founding member
states**

signed the original Convention:
France, Germany, Italy, United
Kingdom, Belgium, Denmark,
Netherlands, Spain, Ireland,
Sweden, Switzerland

The Space of ESA

22 Member States:

20 states of the EU (AT, BE, CZ, DE, DK, EE, ES, FI, FR, IT, GR, HU, IE, LU, NL, PT, PL, RO, SE, UK) plus Norway and Switzerland.

Seven other EU states have **Cooperation Agreements** with ESA: Bulgaria, Cyprus, Latvia, Lithuania, Malta and Slovakia. Ongoing discussions. with Croatia

Slovenia is an **Associate Member**

Canada takes part in some programmes under a long-standing **Cooperation Agreement**.

The Space of ESA

≈2300 staff

73%

27%

incl.

≈140(!) Young Graduate Trainees

≈50 Research Fellows

+ ca 800 contractors

ECSAT (Harwell)

ESA HQ (Paris)

ESAC (Madrid)

ESEC (Redu)

ESRIN (Rome)

ESTEC (Noordwijk)

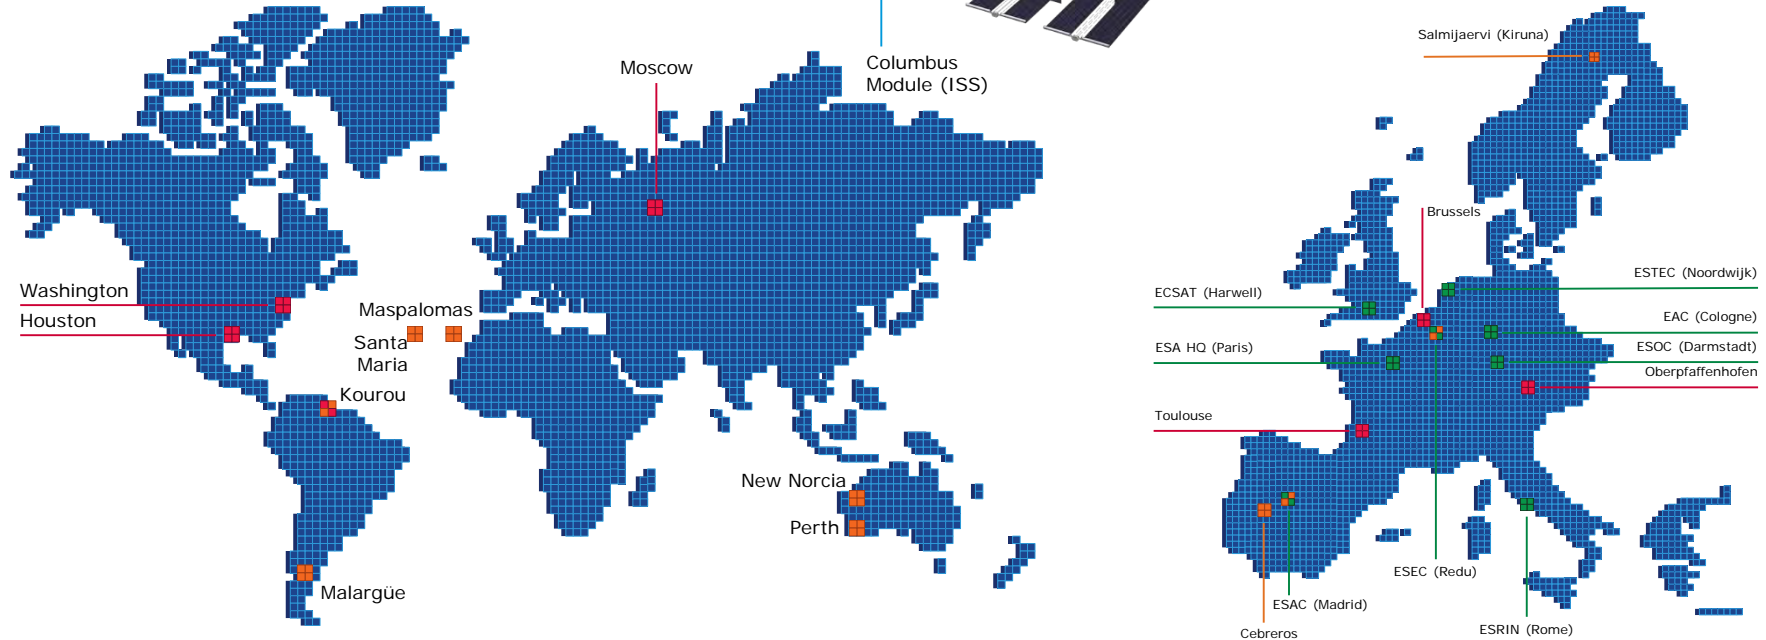

EAC (Cologne)

ESOC (Darmstadt)

- >50 years of experience
- >80 spacecraft designed, tested and operated in flight
- 22 Member States
- Eight sites/facilities in Europe
- 5.6 billion Euro budget (2018)

ESA Locations

- ESA sites
- Offices
- ESA Ground Station
- ESA Ground Station + Offices
- ESA sites + ESA Ground Station

Technical & Scientific Disciplines

Discipline Location	ESTEC Netherlands	ESOC Germany	ESRIN Italy	ESAC Spain	ECSAT UK
Applied mathematics	✓	✓			
Earth observation & environmental science (geophysics, meteorology, climatology)	✓		✓		✓
Electrical engineering	✓	✓			
Ground segment systems & operations		✓	✓	✓	
Life & materials sciences, materials & processes engineering	✓				
Mechanical engineering	✓				
Product/quality assurance & safety	✓	✓	✓	✓	
Planetary & space science (astronomy, astrophysics, solar & heliospheric physics)	✓			✓	
Software Engineering	✓	✓	✓	✓	
Systems Engineering	✓				
Telecom & integrated applications	✓				✓

Non-technical disciplines at ESA

Learning & Development

□ key to ensure that competencies/skills remain aligned with ESA's vision

□ help staff move forward in their career

300+/- training courses on offer

- Business Efficiency and Personal Development
- ESA Environment
- Leadership and People Management
- Technical and Project Management

What are we looking for?

Masters or PhD level

Professional curiosity & expertise

Passion for space

Language skills/multi-cultural aptitude

Industrial experience

Traineeship Programmes @ ESA

Recent Masters Degree graduates, with limited professional experience

Preparation for a job in Europe's space industry and research institute

Rich personal and professional experience of living and working in another country in a **diverse and international environment**

1 year, with possibility for 1 additional year

Trainee Opportunities

- Advertised mid-November on the ESA web site
- Interviews February/March
- Start date between May/Sept

140+ traineeships in
2018(!) –
all establishments

2016:
3000 applications,
27% female

34% women
recruited – Gender
policy for women in
technical and
scientific roles

YGT secondment to Industry

Follows the
ESA
traineeship

1 year
secondment in
European Space
Sector

Better
investment of
our best young
talents

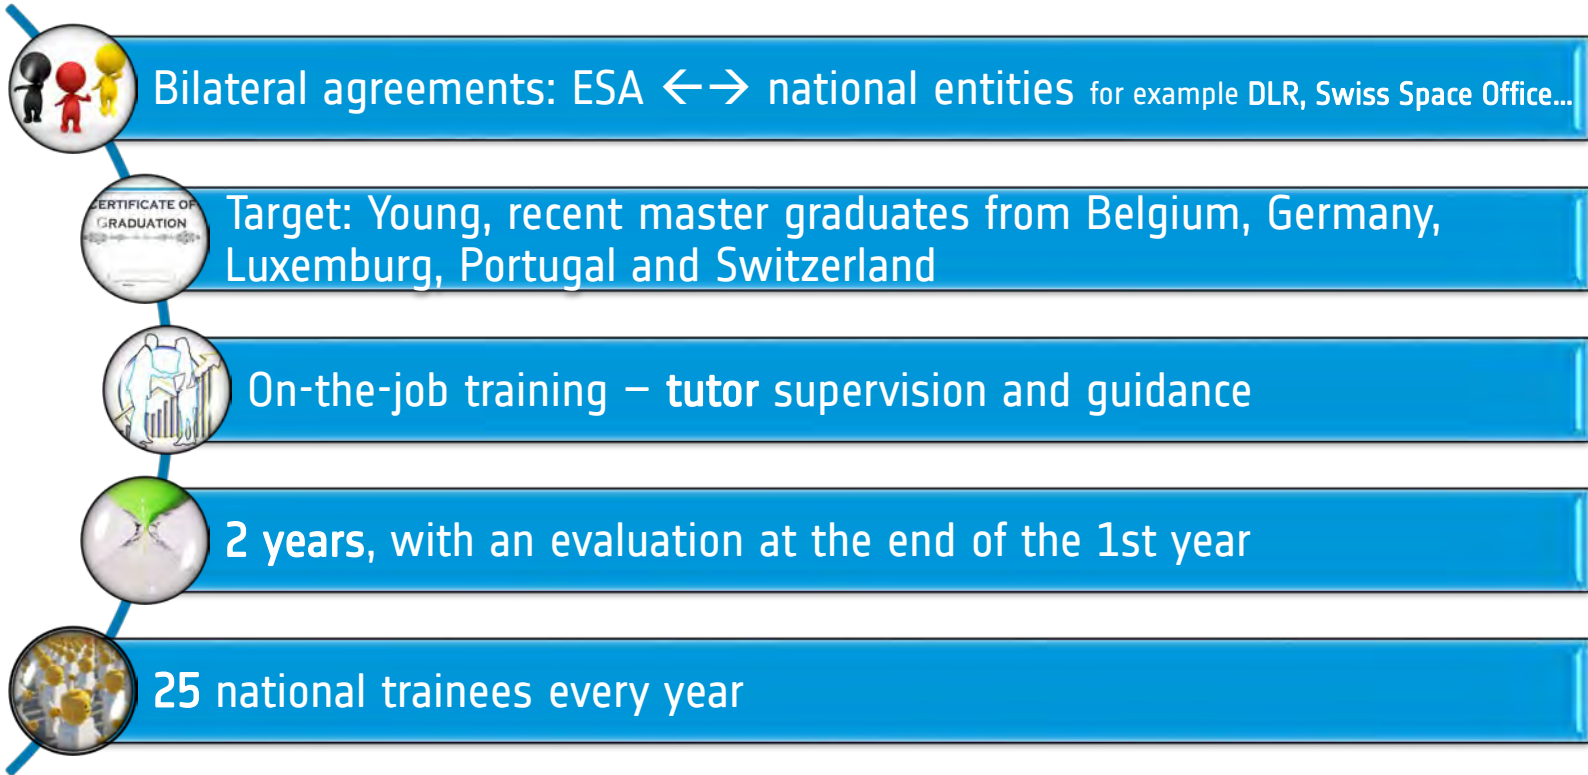

Who: YGTs
who excel in
performance

Assignment
agreed
between ESA
and hosting
company

We are
looking to
expand the
scheme –
develop more
co-operations
with space
companies

National Trainee Programmes

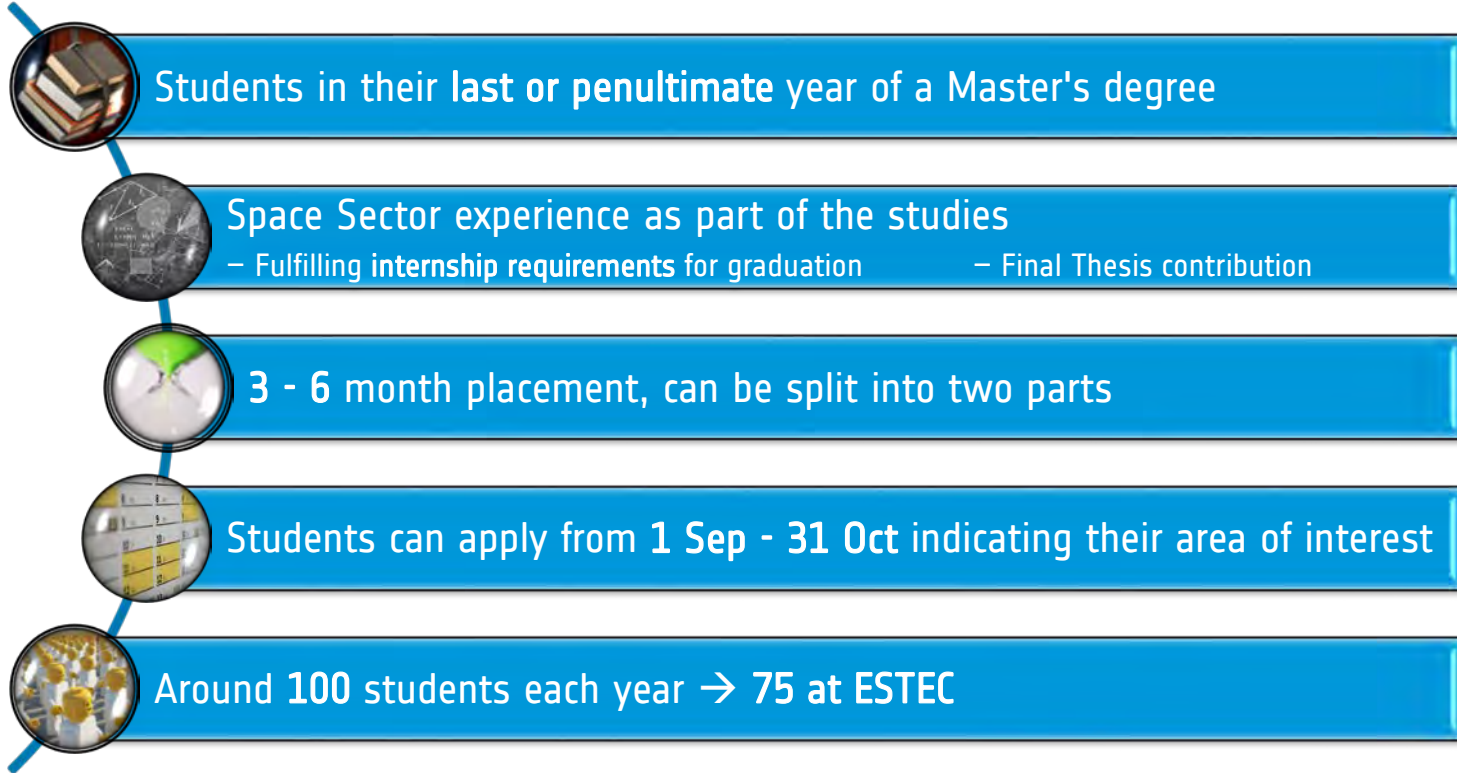

Research Fellowship Programme

-  Recently attained **doctorate (PhD)** in a relevant field
-  Carry out advanced research related to space science, space applications and space technology
-  **2 year contract** – can exceptionally be extended for a third year
-  Approximately **50 Research Fellows** every year

Students Placements (Intern)

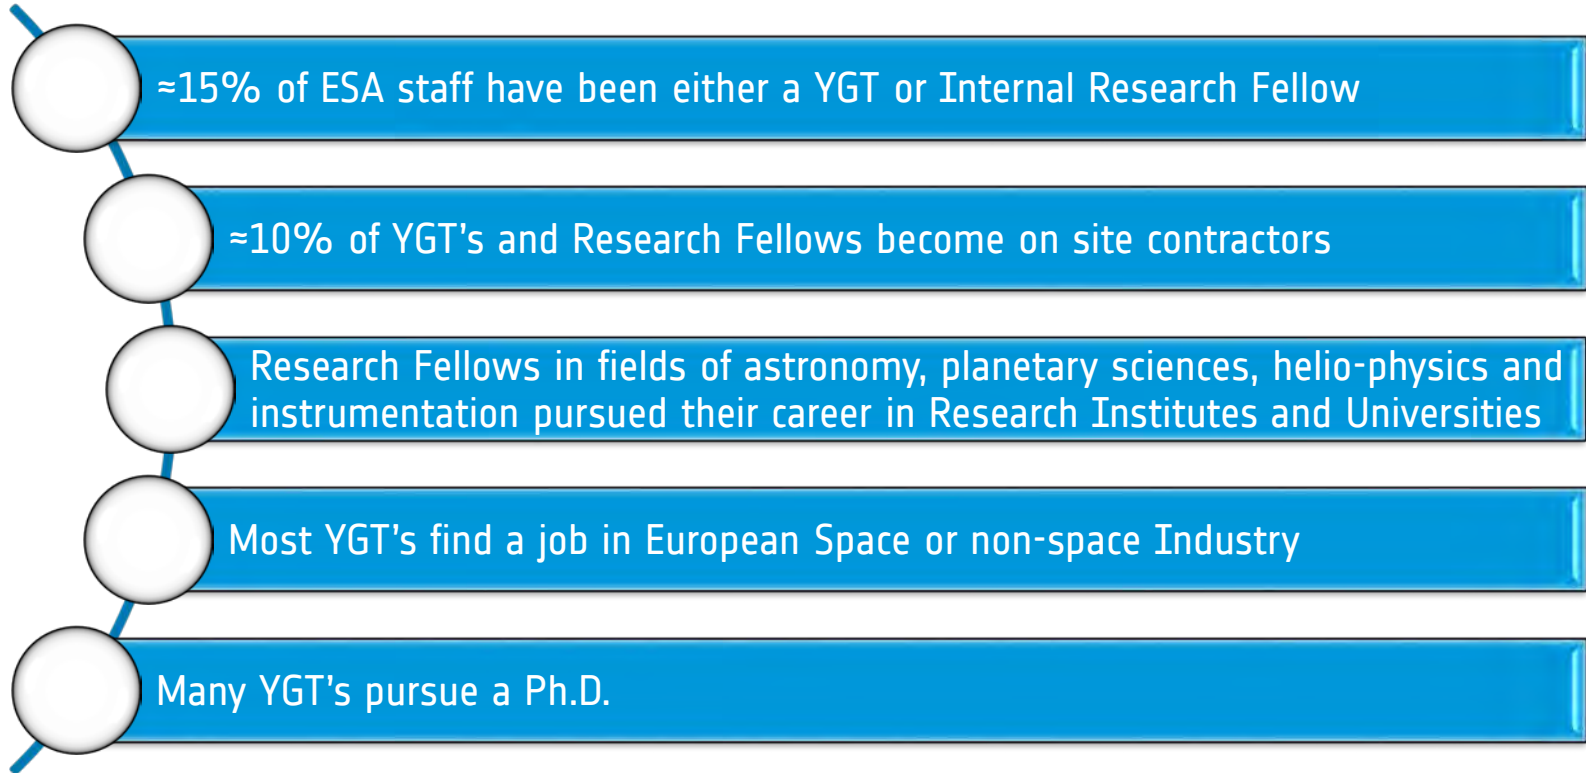

Network/Partnering Initiative (NPI)

-  Co-funding of research projects up to 50% or max. €30K/year for doctorate degree investigations
-  Access to the ESA laboratories & facilities - for 6 - 12 months
-  Technical support – collaboration with ESA experts to discuss proposal concepts and verify potential for space applications
-  Networking – can search for industrial partners for further cooperation and to build 'innovation networks' through ESA links
-  Selection of proposals takes place twice a year

After an ESA Traineeship...
